

Does a new computer need to be set up with ETC Vault?

Step One:

Setup tab, Clock-In Restriction

From the Admin account, retrieve the Key Code.

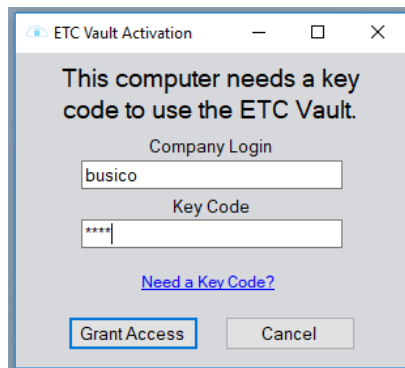

Step Two:

[Download Vault](#) from the “Downloads” dropdown on the Easy Time Clock home page.

Step Three:

Enter Company Login and Key Code.

Key Code not working?

Make sure “Uses Remaining” is a number **higher than 0!**

This number functions as a limit to how many times the code can be used. Adjust this number, Save Changes, then try again!
